

Week 10 Video Lesson Plan: BBUS1007 - Macroeconomics

Instructor: MamunurRashid

14 March 2014 (341:347)

Program Name	: Bachelor of Applied Business Administration
Semester	: 1st (Fall 2013)
Topic of Discussion	: Chapter 6 – Economic Growth
Course Outcomes (Applicable to this lesson)	: 1. Analyze the basic economic problem faced by all societies 2. Apply Fundamental Economic Theory to Current Events 3. Analyze the factors which influence changes in price level 4. Analyze various economic measurements
Lesson Objectives	: Explain economic growth Understand the costs and benefits of economic growth Evaluate the sources of economic growth
EES Learned and Practiced	: 3. Execute mathematical operations accurately 4. Apply a systematic approach to solve problems 9. Interact with others in groups in ways that contribute to effective working relationships and the achievement of goals
Lesson Context	: This topic explains how to generate increases in our material living standard in the long run. The discussion on the factors influencing growth will prepare students to understand various phases of business cycle in an economy. The students will also be able to analyze why a smooth economic growth is not possible through the later topics. Last week we discussed production, consumption, investment, government spending and open economy trade with rest of the world. Today's topic will extend the discussion to determine which of the above factors contribute to sustained long run economic growth of a nation. Today's discussion will lead to an analytical discussion on different theories of economic growth in our next topic. Our next topic will also include a discussion on limits to economic growth.
Resources Required	: PP slides, motivational videos and in-class exercise handouts
Technological Support	: Smart Board, Multimedia Projector and internet connection

Lesson description (sequentially):

SL No	Item/Activity	Resources	Duration
01	Introduction: Welcome and Review of Last week and Today's Agenda	PP Slides	01 minute
02	Learning Outcomes, Lesson Objectives and EES	PP Slides	01 minute
03	Introduction to Economic Growth		
	a. Introduction to Growth by the Teacher	PP Slides	02 minutes
	b. Students will be given some general questions on economic growth to answer and discuss with peers	Handout 1	05 minutes
